MEETING POINT

Preparing the backpack

Era - Eli - Rita

Happy group beffor camping

Ready for truck

Going on truck

Meeting point of group for camping was at the water factory - 12 km from Peja city in the village Drelaj in Rugova. For transportation we got one minibus for 10 persons from municipality and some of the kids came by the parents by cars. We meet in 10:30h and the truck was waiting to transport us until the Hajla. We got the road through Drelaj village, we past through Drelaj gorge and in the way to Koshutan. After we take the road to Pepiqi the highest village in Rugova 1800m. We past through Pepiqi and we need another 30min to be in the spot from where we start walking.

SETTING CAMP

After we arrive in the spot of camping and after we did 1 hour rest we start to explain how to built camp - rules of building camp.
After we separate them in the group and we ask from them to start searching the right place where to put the tends and start building the tends.

GAMES

The games which played with the kids focused on team building. One game, 'Elephant' - led by Ola Nowiczka from Poland , is played in teams of 5 people. Each team forms their foundation in a circle and with their strength as a team tries to support the weight of an opposing team. A second game, 'Blind Mans Football' led by Kim, is a competition between teams of 4 people. Each team tries to complete as many catches as possible in a 2 minute period with 2 team members blindfolded and only 1 that is allowed to talk!!! These games focus on players having to work together and communicate in order to accomplish tasks and goals under different circumstances.

Team Building
American football game

ENVIRONMENT

Of course the one of the biggest role in this camp also is Environment

Parting of our enjoying our environment is learning how to care for it. 'Pack In Pack Out' is one of the most important lessons in environmental education when it comes to camping. It means that whatever you bring with you, you should take with you when you leave no trash left behind!!!
